Models shown are the Passat Estate R-Line model in optional 'Lapiz Blue' metallic paint and 19" 'Pretoria' alloy wheels in grey metallic and optional Panoramic Sunroof along with the Passat Saloon R-Line model in optional 'Pyrite Silver' metallic paint and optional Panoramic Sunroof

01

01 Glare-free guidance in almost any situation: the advanced IQ.LIGHT matrix LED headlights with Dynamic Light Assist advanced main-beam control make the road ahead brighter and wider, without distracting other road users in your surroundings.

For anyone who likes to give their all

As exciting and extraordinary as your day-to-day life. And just as flexible as you are. The Passat and Passat Estate bring together sporty lines with systematic functionality. The result is a day-to-day companion that is anything but everyday. An expressive light signature and striking radiator grille drop to hint that there's more here to discover. The Passat and Passat Estate now offer We Connect for the first time – which means many innovative connectivity features are now conveniently located in one place, whether it's for family activities or the family business.

Model shown is Passat Estate R-line with optional 'Lapiz Blue' metallic paint.

Model shown is Passat Elegance in 'Pyrite Silver' metallic paint.

More space. More versatility

Creating more room is child's play: it just takes a small movement of your foot, thanks to the optional 'Easy Open' function for the electric boot lid in the Passat and Passat Estate. The adjustable space concept also keeps things flexible when it comes to storage space, so you can travel with what you're passionate about.

01 With 'Easy Open', you can guarantee a relaxing journey, even before you've actually set off. For instance, when loading heavy suitcases into the luggage compartment, you no longer need to set them down while you fumble for your keys – a brief movement of your foot beneath the rear of the vehicle is all that's needed to open the electric boot lid automatically. And with an electric closing function too, you can close it with the press of a button as you move away from the vehicle.

02 The **luggage compartment** of the Passat Estate has an impressive volume of up to 650 litres, which can be expanded to up to 1,780 litres by folding down the rear seat. With the optional luggage management package, you can easily adapt it to your needs.

03 The elegant **panorama sliding/tilting roof** consists of a single glass element with an electric lifting and sliding function. It ensures both a premium look and fantastic views. In addition, the light it lets in creates a generous feeling of space.

Business class for the whole family

From home to the nursery, to school, to the office and back: with the Passat and Passat Estate, there will be no stress on the go.

The interior of the Passat and Passat Estate accommodates various equipment options such as ergoComfort seats with massage and climate control function, a Digital Cockpit and advanced connectivity features. In addition, the optional ambient lighting lets you quickly create an all-round good feeling in the car, even when things are a bit stressful outside.

01 See the interior of your Passat in a delightful light: with ambient lighting, you can create a custom light mood inside the car. With up to 30 colours available, you can apply the right atmosphere for almost any mood, whether in muted or shining light. The illuminated decorative trims are incredibly easy to control via the display on your radio or navigation system.

01 The striking radiator grille, with its chrome strips and R-Line logo, enhances this vehicle's sportiness

R-Line

A dynamic appearance makes a lasting impression, which is undeniable in the case of the Passat with optional R-Line equipment. A distinctive sporty style is created by features including the front bumper in R styling, with striking C signature in Black High Gloss and integrated fog lights. Chrome trim strips around the vehicle, side skirts in the car body colour, and tinted tail light clusters for the Passat Estate emphasise its dynamic appearance. The optional 'Pretoria' 19-inch alloy wheels in Dark Graphite Matte, along with the diffuser and the chrome-plated tailpipes send a clear message: when it comes to a sporty look, the Passat more than delivers.

02 The **multifunction leather steering wheel** with R-Line logo, which also features colour-contrast decorative stitching, continues the sporty overall impression. Depending on the equipment line, these are complemented by the Dark Diamond Flag or Silver Rise decorative trims in aluminium, as well as the stainless steel effect pedals.

01 Charging your Passat GTE is easier than replacing a light bulb: The battery of the electric motor is supplied with energy via your plug socket at home or at public charging stations. It takes 5 hours to fully charge the lithium-ion battery – and if you're using a public charging station or the optionally available wall box, it is even possible to reach full charge in just 3:33 hours.

The Passat GTE

The Passat GTE and Passat GTE Estate prove that efficient and environmentally aware mobility is already possible, thanks to the interaction of plug-in hybrid technology and a turbo petrol engine. Design highlights such as the optional blue brake callipers emphasise the innovative and sporty nature of this vehicle. Just as the GTE button gives a little extra power, for when your schedule could do with a slight boost.

You're not the only one to start the day full of energy: the Passat GTE and Passat GTE Estate do too. With a powerful lithium-ion high-voltage battery, it achieves an electric range up to 60 km – with zero local emissions and while almost completely silent.

The Passat GTE Interior

With optional ergoComfort seats including colour-contrast blue seat covers, the Passat GTE and Passat GTE Estate also feature coloured accents in the vehicle interior, creating a perfectly sporty and elegant appearance. However, the GTE button is still the sportiest thing about the Passat: with a simple touch, it not only keeps pace, but even adds a bit of power.

01 Responsible driving comfort: a touch of the E-mode button next to the gear lever makes it incredibly easy to switch to purely electric operation.

02 Activate GTE mode using the relevant button, to utilise the combined power of both engines. This results in a maximum performance of 160 kW (218 PS), maximum torque of 400 Nm, and the possibility of teasing out that little bit of extra power from your Passat GTE.

03 Sitting in your Passat GTE brings a feeling of freedom: horizontal trims on the dash panel form a visual connection with the doors, making it feel more generous and roomy. The optimised centre console with large storage compartment contributes to ensuring the vehicle interior successfully combines stylish elegance with functional organisation. The Nappa Leather seats continue the look, and come as standard with the Passat GTE.

Infotainment

Enjoy outstanding sound, intuitive navigation and the convenience of the Passat's voice control system. The optional voice control in the Passat and Passat Estate will be particularly welcomed by anyone who generally has full hands and a full schedule – and so will the convenient gesture control that is offered in the optional 'Discover Pro' navigation system with large touchscreen colour display.

01

02

01 The Composition radio is equipped with a 16.5 cm (6.5-inch) TFT colour display with We Connect fitted as standard, with 4 x 20W output and up to eight speakers. You'll also find two USB ports (type C) and a Bluetooth mobile phone interface on board.

02 The **Discover Pro** radio navigation system with mobile online services from We Connect* boasts a 23.4 cm (9.2-inch) glass-covered TFT touchscreen with colour display, gesture control, and natural voice control for intuitive and comfortable operation. The system also features traffic sign recognition and App Connect Wireless (for Apple CarPlay™). Eight speakers ensure an optimum sound experience – and not just when listening to digital radio via DAB+.

03

03 The **Discover Media** navigation system features a 20.3 cm (8-inch) touchscreen colour display and intuitive navigation. You can also enjoy eight speakers and a Bluetooth connection for mobile phones and two USB ports (type C).

04

04 With the gesture control function, you have an even simpler and more convenient way to operate the Discover Pro navigation system. You can control a number of menu options with a simple horizontal gesture. For instance, you can switch to the next song simply by waving your hand.

05 The Comfort mobile phone interface enables you to have a conversation while driving. The integrated storage compartment with inductive connection to the external aerial and an inductive charging function for your smartphone are especially practical. The hands-free system is ideal for reception with exceptionally low interference. It is easy to control via the multifunction display, the multifunction steering wheel or the radio's touchscreen. It is compatible with the current 4G mobile communication standard.

Connectivity

For the first time, the Passat and Passat Estate are equipped with the latest generation of mobile online services from We Connect. Thanks to an integrated eSIM, you'll be seamlessly connected to your vehicle and fully networked from the outset, on request. Use the many We Connect services or use We Connect Plus to get a wide range of additional smart functions on board, so that you can keep up with your busy schedule – without any stress.¹

01 With We Connect Plus remote functions, you have mobile access to your Passat at any time. If you wish you can also conveniently control various functions via the We Connect app or the We Connect web portal. For example, in winter, do you want to program the optional auxiliary heater the evening before travel? Not a problem, and neither is locking and unlocking doors and the boot. It's even possible to simply connect remotely to the optional anti-theft alarm, using your smartphone as a remote control.

02 We Connect: mobile key.² Stop losing time searching for your key – instead, use your smartphone as a mobile key and open or start your Passat in an instant. You can also send extra digital keys to your friends and family members, to enable them to easily use your vehicle.

¹ To use We Connect services, the customer needs a Volkswagen ID user account, and must log into We Connect with their username and password. In addition, a separate We Connect or We Connect Plus contract must be concluded online with Volkswagen AG. For We Connect Plus, the customer has 90 days from the handover of the vehicle to register the vehicle, and use the services for the full duration of the agreed free period. For more information please visit volkswagen.ie/en/connectivity/we-connect.html.

² See back page.

01 Be prepared in an emergency with Front Assist with Emergency Brake, an assistance system that takes partial control of your vehicle in the event of an emergency. It is activated when it registers no activity on the part of the driver. If the driver still fails to respond once the system has emitted a warning, it attempts to revive the driver while alerting other passengers and other road users. If the driver does not take control, the system can keep the vehicle in lane and brake it until it comes to a stop.¹

02 ACC Adaptive Cruise Control with predictive cruise control can help you to maintain a set maximum speed² and user-defined distance from the vehicle in front. The predictive cruise control system enhances these functions with speed assistance and cornering assistance. The system can note official road speed limits, and stop you from exceeding them. The system also uses journey data from the navigation to adapt the vehicle speed at corners.¹ The result is an even better ride experience for you, with even lower fuel consumption.

¹ Within system limits.

² Up to max. 210 km/h.

Driver Assistance Systems

Good assistants are generally hard to find – but not if you're looking in the Passat and Passat Estate. Here you'll immediately find many intelligent driver assistance systems – making your driving experience easier, safer and more comfortable. In the Passat and Passat Estate, you can benefit from innovative features such as the Front Assist and much more.

Engines

For a full overview of engine availability, please download the Passat product guide at volkswagen.ie

Fuel Consumption

Fuel Consumption l/100km (max. - min): 8.1 - 4.9.
CO₂ emissions g/km (max. - min.) 184 - 127. Increased weight of a vehicle, including higher trim levels and the addition of options may have an effect on the fuel consumption and CO₂ emissions produced. The CO₂ and fuel consumption figures are the official figures obtained from tests under standardised EU test conditions.

The specified fuel consumption and emission values are the official figures obtained from tests under standardised EU test conditions in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test method for measuring fuel consumption (l/100km) and CO₂ emissions. Information correct at the time of print. WLTP replaces the previous NEDC test method. The WLTP Min. values refer to the minimum values of the standard entry version excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (l/100km) and CO₂ emissions produced. The WLTP Max. values refers to the maximum value achieved considering optional extras. To discover exact values please configure your desired vehicle at volkswagen.ie/build. You can discover more about the WLTP at volkswagen.ie/wltp.

The Volkswagen Warranty

Three-year Warranty*

All Passat models come with a three-year warranty which protects your car against the failure of most mechanical and electrical components due to manufacturing defects. Your vehicle should be serviced in accordance with the manufacturer's specifications. Any damage to or defect in the vehicle caused by poor or insufficient servicing will not be remedied under the vehicle's warranty. Full details of the three-year warranty are available from your authorised Volkswagen retailer or at Volkswagen.ie

* The first two years have an unlimited mileage warranty. The third year warranty has a limitation of 90,000km. All warranty work must be completed by an authorised Volkswagen retailer or repairer.

Three-year Paint Warranty

The paintwork of the Passat is covered against manufacturing defects for a period of three years. Naturally, the Passat must be cared for in compliance with the operating instructions which will be found in your vehicle handbook. Please consult your Volkswagen retailer for full warranty details.

12-year Body Protection Warranty

The internal body sections and panels of the Passat are covered against rusting through from the inside for 12 years. Naturally, the Passat must be cared for in

compliance with the operating instructions. Please consult your Volkswagen retailer for full warranty details.

Service Intervals for Engines

Full details of what checks and work are recommended at each service are contained in the Service Book and your retailer will be able to advise you of any particular requirements.

Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list.

Volkswagen Finance

Volkswagen Finance offers a dedicated service to meet the needs of both the business user and the private motorist. We can help you choose the right type of finance and will tailor the package to meet your specific requirements. Please consult your Volkswagen retailer for details.

Volkswagen Assistance

Every new car is registered for Volkswagen Assistance for three years. This provides vehicle recovery in the unlikely event of a breakdown (subject to conditions).

Please Note:

Every effort has been made to ensure that the contents of this publication (including CO₂, fuel consumption and technical information) were accurate and up-to-date at the time of going to press January 2021. Please be aware that model year and other changes (including specification or individual options) may impact on fuel consumption or CO₂ figures. Please check with your retailer regarding any queries on a specific model or chassis number. Volkswagen Ireland reserves the right to change specifications and withdraw products from sale without notice. Any such alterations will be notified to Volkswagen retailers at the earliest opportunity; please consult your local Volkswagen retailer for the latest product information.

Some illustrations in this brochure do not necessarily reflect Irish specifications. Consequently, controls and some items of equipment are positioned differently for Ireland.

The specifications contained in this brochure are for information purposes only as we cannot confirm the exact specifications of the vehicles. If you require any specific feature, you must consult your Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your Volkswagen retailer prior to ordering.
