- (1) VRT Bands and rate of Annual Road Tax are valid as of 1st January 2022 and calculated from the base model WLTP values for model year 2026 cars produced from CW48/2025 onwards. All vehicles with TBC are subject to EU type approval and with that were not available at time of going to print.
- (2) The specified fuel consumption and emission values are the official figures obtained from tests under standardised EU test conditions in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). The above values reflect the standard vehicle excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (l/100km) and CO₂ emissions produced. WLTP range values for standard vehicles may vary depending on equipment. In practice, the actual range varies depending on driving style, speed, use of convenience/ auxiliary equipment, outside temperature, number of passengers/additional load, and topography. To discover exact values please configure your desired vehicle at volkswagen.ie/build. You can discover more about the WLTP at volkswagen.ie/wltp.
- (3) All prices (Retail, Delivery & ROTR) are recommended by Volkswagen Ireland. €1,985 includes optional Service Plan which can be removed upon request. Maximum delivery charge with Service Plan removed is €1,125. *Recommended On the Road Price. The new Service Plan is applicable to 261 registrations only.
- Importantly note that the rate at which your vehicle pays Vehicle Registration Tax may increase as a result of your vehicle configuration. For more information, please consult your local Authorised Volkswagen retailer.
 - In accordance with (EU) 2020/740 ("Tire Labeling Regulation"), please visit volkswagen.ie/configurator for details relating to the tyres applicable to said vehicles.
 - Please note every effort has been made to ensure the contents of this publication (including RRP, CO₂, fuel consumption and technical information) were accurate and up-to-date upon publishing on April 1st 2026. Volkswagen Ireland reserves the right to change specification, prices and withdraw products from sale without notice. Any such alternations will be notified to Volkswagen Retailers at the earliest opportunity. Please consult your local Authorised Volkswagen retailer for the latest product information.
 - 3 Years Tyre Insurance covers tyres that are damaged by an Insured Event. Exclusions do apply. For more information on general terms and conditions, please visit volkswagen.ie

Technology Package

Travel Assist (3)

Travel Assist actively helps you stay in your lane. It also helps you to maintain a selected maximum speed and the optimum safe distance to the vehicle in front. In addition, you also benefit from predictive speed adjustment and cornering assistance: your vehicle can react to upcoming curves and roundabouts and adjust its speed safely.

Area View (2)

Area View makes parking and maneuvering easier: 4 cameras show you curbs, parking markings and obstacles in a 360° view around your vehicle – clearly arranged on the infotainment display. Area View also shows you areas that are outside of your direct field of vision making it much easier to park within parking space lines.

Memory feature for Park Assist (1)

The Parking Assistant can optionally be expanded with the memory function and make difficult parking easier for you: Your vehicle can save individual parking processes and carry them out independently – ideal for garages. You only have to park or exit a parking space yourself once and save the process. The memory function can then repeat the process on its own and you only have to monitor it..

Area View makes parking and maneuvering easier: 4 cameras show you curbs, parking markings and obstacles in a 360° view around your vehicle – clearly arranged on the infotainment display. Area View also shows you areas that are outside of your direct field of vision making it much easier to park within parking space lines.

LED HD Matrix Headlamps (1,3)

The HD matrix headlights can improve visibility at night with over 19,000 individually controllable LEDs per headlamp. Dynamic Light Assist increases driving safety – it enables the headlights to precisely block out other road users and signs from the high beam area.

Augmented Reality HUD (2)

The head-up display projects driving data and navigation instructions onto the windscreen – and thus clearly visible in your field of vision.

15" Infotainment Upgrade

Enjoy our largest available screen. Supporting our latest intuitive software with voice assistant "IDA" you can also operate your infotainment system with your voice. From now on, you can also access the artificial intelligence ChatGPT on the go – for information, research or simply for your entertainment.
